

ENVIRO WATERBASED STAIN

Enviro concrete stain is a deep penetrating permanent water based stain. This stain is UV stable and will not fade in direct sunlight. It is ideal for interior or exterior applications. Enviro stains produce vibrant, long-lasting stains that enhance any concrete surfaces.

- Type:** Non-acid, polymer bonded concrete stains
- Toxicity:** Low, Harmful if swallowed
- VOCs:** Low, less than 100 gm/L
- Flammability:** Non- Flammable
- Composition:** Various UV Stable coloring agents in an aqueous penetrating polymer binder
- Color:** Various
- Odor:** Slightly pungent
- Coverage:** 250-300 square feet per gallon

*Coverage rates may vary depending on porosity, texture, application method and prior sealer application. Excess buildup should be avoided.

PRODUCT USES

The Enviro-Stains are applied to any clean, cured concrete surface or concrete overlay surface. Once dried and sealed, the various colors that are applied become a permanent part of the concrete with lasting beauty. Great indoors and outdoors!

PRODUCT HIGHLIGHTS

- UV Stable: Once dry and sealed, the enviro-stains remain stable and resistant to weather and sun light for years.
- A wide range of colors: The enviro-stains at various dilutions and combinations can offer a multitude of colors and shades for any desired effect in beautifying plain concrete surfaces. This includes a true black and white
- Ease of application: The stains cover up to 250-300 square feet per gallon.
- Long shelf life: The enviro-stains can be stored in the original bottle for up to one year
- with no loss of intensity.

APPLICATION INSTRUCTIONS

1. Clean the concrete surface to make sure it is free of any topical coatings, oil, grease or dirt stains. Use Cirta Pro or Super Blue according to the problem.
2. Apply the stain with a brush, sponge, or plastic sprayer in the color and technique of your choice. Do not over apply and do not allow the stain to puddle.
3. Allow the floor to dry thoroughly. Drying time will vary according to the surface conditions and humidity.
4. Apply Ez Seal or Ez-Seal+E sealer to enrich the color and protect the surface.

Clean Up

Discard brush or application utensil in an appropriate manner, or clean thoroughly with soap and water before the product is dry. Dispose of according to local, state and federal regulations.
